

Christian Education and Technology Committee

Christian Education

- Organize Sunday School if there are adults or children in the church family who are interested.
- Recommend to session the choice of Christian Education curriculum.
- Organize youth group if there are children in the church family who are interested.
- Organize church library and encourage its use by the church family.
- Encourage participation of the youth in Presbytery youth events and summer camps.

Earth Care Congregation

- Encourage participation in the yearly audit to re-certify the church as an Earth Care Congregation.
- Issue bulletin announcements and newsletter articles to encourage church family to consider the importance of environmental and social justice stewardship.
- Conduct activities as appropriate to fulfill the Earth Care pledge.

Technology

- Assist in the use and maintenance of the computer equipment, sound system, electronic piano, etc.
- Manage documentation of equipment.

Reports

- Shall submit a monthly report to session about the activities within the scope of the above areas.
- Shall submit an annual recap of the year in December for the annual report to the congregation.
